To whom it may concern

Re: STM – Letter of Recommendation

It gives me great pleasure to highly recommend the services of STM.

Since acquiring their services from December 2010 to date, they have proved that we can depend on their consistency and discipline - without which, no golf course could be in the condition we find ours today!

Their attention to detail, and constant improvement of the course not only earns us the daily compliments of both members and guests to our Club, but has also helped us achieve the prestigious ranking of among the top 110, and one of the top 50 best-conditioned golf courses in south Africa. (Made the top 10 in Western Cape for best conditioned). Golf Digest Magazine, March 2016

Perhaps their most important contribution of all, is that through superior knowledge and greenkeeping skills, they have delivered consistently excellent greens despite the fact that our greens were not all constructed to USGA spec. This has saved us a fortune and contributed to our increased income and rounds per year.

The professional STM team have been a delight to work with, always conducting themselves in a friendly, pleasant manner, with a “can-do” attitude at all times. I would not hesitate to recommend their services to any business in their field, that is needing some upliftment!

Sincerely,

John Bold CCM
General Manager
