

**ARABELLA
GOLF CLUB**
South Africa

TO WHOM IT MAY CONCERN:

STM provide a level of service and commitment which go way beyond their contractual obligations, they take complete ownership and run the site as if they own it.

They source industry experts to run their teams and set themselves the highest standards in order to always exceed the customers' expectations.

We cannot put a value to the additional expertise, knowledge and background support they offer and would recommend their services without hesitation.

STM are an integral part of our Arabella Golf family and we trust them implicitly.
