

12 March 2020

To whom it may concern:

Southern Turf Management has held the Arabella Golf Course maintenance contract since 2003. During this period we have consistently maintained a top 10 course ranking in SA, with the highest ranking being #4 and current ranking #7.

The standard we demand is of the highest level and STM consistently over delivers, their performance in course maintenance is second to none as is their ability to adapt to their clients specific environment and needs.

I would highly recommend their services to any business looking for a turf maintenance partner who can elevate their product to the highest possible standard.
