To Whom It May Concern

Outsource of Turf Management at Durbanville Golf Club

Durbanville Golf Club has had a relationship with Southern Turf Management that goes back to December 2010. They were appointed as the Professionals in their field and given the wonderful task of bringing Durbanville Golf Club's turf management a makeover. They bring with them a wealth of experience, knowledge and manpower.

STM have been an integral part of our success at Durbanville Golf Club. They have advised, assisted and walked along side us in all aspects of our turf management. We consider them partners in what we do. They have our interests at heart, they understand the troubles clubs face and have done everything to assist us in tough times to ensure we still provide the best possible product in the market place.

On a personal note my relationship with Mr D Bolton goes back over 20 years. Mr Bolton is a man of integrity, passion and honesty, pillars that I echo in my life and business. His business success is due to his unrivalled desire to ensure that his clients are serviced, supported and assisted where necessary.

It has been a pleasure to work alongside him and it is a pleasure to work with his team at Durbanville Golf Club.

Should you require any additional information from me, please feel free to contact myself directly.

Yours in Golf

SEAN VERDON  
General Manager
