

**SOUTHERN TURF
MANAGEMENT**

**STRIVING
FOR EXCELLENCE
WITHIN THE TURF
INDUSTRY**

WHAT WE DO

Established in 2003, Southern Turf Management is the premier turf company in South Africa. STM specialises in Landscaping, Sports Turf and Golf Courses. Within those areas of expertise, we provide design, installation and maintenance services, amongst others.

Golf Course //

STM boasts a bouquet of award-winning golf courses that we have constructed, maintain and have implemented improvements on. These include golf courses situated all over South Africa. Our services are available for the entire process from the start phase throughout to construction and maintenance.

Landscaping //

STM designs, build and maintain landscaping to a variety of upmarket residential estates and private schools. Dedicated to attention to detail, our experienced landscaping team's focus is on providing a complete landscaping service. We offer the highest level of estate landscaping design, landscape construction and estate maintenance, ensuring that we can create, build and maintain your estate.

Sports Turfs //

Combining knowledge, international expertise and high-quality workmanship, STM provides the design, construction and maintenance of many properties across South Africa. We pride ourselves in delivering only the best service when it comes to sports turf.

GOLF COURSES

Maintenance

STM is an owner managed company, established in 2003. We have a hands-on approach and regularly visit all project sites. We employ experienced project managers and through ongoing training programs, ensure that every member of our team is well-trained. We are passionate about turf maintenance and pay special attention to detail.

Construction

CEO and Director, Kosie Mentz, has vast experience in golf course construction and has worked on major projects both abroad and in South Africa. STM combines knowledge, expertise and high-quality workmanship to ensure our clients receive a product which is of a world class standard.

MEET THE TEAM

We at Southern Turf Management have a simple mission: To passionately strive for excellence within the turf industry. STM prides itself on professionalism, integrity and commitment. Our extended family consists of very passionate members from the Directors, right down to the newest member of our team.

LANDSCAPING

Design

STM is equipped with a design team that can offer a turnkey landscaping service that includes design, construction and maintenance. The experienced team has designed numerous designs for the commercial industry, private residence, sports facilities, and housing developments.

Construction

STM's construction team is known for their quality work and competitive industry related prices. Construction covers all aspects of landscaping requirements including irrigation installation. Please refer to our company portfolio to see all the recent projects STM did.

Maintenance

STM is proud to be associated in the landscape and estate maintenance industry for key developers and estates. Please have a look on our company portfolio to see all the estates and landscaping STM currently maintain.

SPORTS TURF

Design

STM specialises in the design of sports turf facilities and in recent times designed sport facilities for private institutes and schools. STM provides a turnkey solution in the sports turf industry covering all aspects in design, construction and maintenance.

Construction

STM is an industry leader in the construction of natural turf sports fields and won 2 gold SALI Awards of Excellence for the sports field complex construction at Reddford School facility at The Hills and Seisa Ramabodu international soccer field in Bloemfontein.

Maintenance

STM is proudly associated with numerous schools across South Africa.
